

**DEPARTMENT OF COMMUNITY PLANNING AND BUILDING
INTEROFFICE MEMORANDUM**

TO: Board of County Commissioners and Planning Commission
VIA: Terry Shannon, County Administrator
VIA: Thomas Barnett, AICP, Director *TB*
VIA: Mary Beth Cook, Deputy Director *MBC*
FROM: Dawn Mister, Land Management Systems Coordinator *MDM*
DATE: April 1, 2014
SUBJECT: Adequate Public Facilities Report for Schools – April 1, 2014

Background

The Zoning Ordinance states in Article 7-1.05 D.1 that “Schools are adequate when all public elementary and secondary schools which will serve the proposed residential subdivision or residential development will accommodate the pupil yield from that residential subdivision or residential development without exceeding 100 percent of the rated capacity of any of those schools.”

The Calvert County Zoning Ordinance, Section 7-1.05 E states, “If facilities are identified as having inadequate capacity, the Department of Planning and Zoning shall notify the Planning Commission and the County Commissioners.”

Parcels that meet certain criteria listed in the Zoning Ordinance are exempt from Adequate Public Facilities (APF) Requirements for Schools (Section 7-1.05. F). Determination of school adequacy is not required for non-residential subdivisions or age-restricted housing communities. The Zoning Ordinance limits the delay of final approval of a residential subdivision or residential development to seven years.

Discussion

Since the Fall 2013 Report, there has been one change to the open/closed status of Calvert County Schools; Mt. Harmony Elementary is now overcapacity. Of Calvert County’s 23 public schools, four (4) are deemed inadequate since enrollments exceed 100% of the County’s Adequate Public Facilities (APF) rated capacities for those schools. The following two (2) elementary schools, one (1) middle school and one (1) high school have inadequate capacities:

Beach Elementary	119.1%
Mt. Harmony Elementary	101.6%
Northern Middle	100.3%
Northern High	116.7%

The attached chart shows the Spring 2014 enrollments compared with APF rated capacities for each school. The Calvert County Public School staff provided the enrollments for March 2014, and the Career and Technology Academy attendance (see attachments). The number of elementary school classrooms, the number of middle and high school teaching stations were provided by Calvert County Public Schools in October, 2013. The chart showing the calculation for each school’s APF rated capacity is attached. The calculations for determining the elementary, the middle, and high school APF rated capacities are specified in the Calvert County Zoning Ordinance.

Maps showing districts for elementary, middle, and high school levels, and a composite map of all school levels that are over 100% capacity are attached. The maps are for illustrative purposes. The Board of Education's written descriptions of school district boundaries determine which school districts serve a residential subdivision or residential development. If there is a question regarding which school district serves a parcel, the Board of Education makes the final determination.

Elementary Schools

Of the 13 elementary schools, two are over 100% APF capacity: Beach Elementary is over capacity at 119.1%; Mt. Harmony Elementary is over capacity at 101.6%. The remaining elementary schools are below 90%.

Middle Schools

Of the six middle schools, one is over 100% APF capacity: Northern Middle is over capacity at 100.3%. One middle school, Windy Hill Middle, is over 90% but less than 100% capacity. The remaining middle schools are below 90%.

High Schools

Of the four high schools, one is over 100% APF capacity: Northern High School is over capacity at 116.7%. The remaining high schools are over 90% but less than 100% capacity.

Schools Approaching 100% Capacity:

The Zoning Ordinance states in Article 7-1.05 D.1 that "Schools are adequate when all public elementary and secondary schools which will serve the proposed residential subdivision or residential development will accommodate the pupil yield from that residential subdivision or residential development without exceeding 100 percent of the rated capacity of any of those schools." The number of lots/units that may be recorded is limited based upon the pupil yield by school level and housing type, which are provided in the Zoning Ordinance.

Student Transfer Analysis:

In August, 2011, the County Commissioners requested staff include an evaluation of the impact of student transfers on the county school capacities in future Adequate Public Facilities Reports. In this report, staff included a chart, entitled *Enrollments Compared with APF Rated Capacities Transfer Students*, evaluating transfer student impacts by subtracting the number of incoming students and adding the number of outgoing students. The chart indicates that Beach Elementary and Northern High School would be over capacity and Northern Middle would be under capacity if transfers were factored out. For this report, the transfer student policy does have an impact whether a school district is opened or closed to the recording of residential subdivisions or residential development.

Conclusion

FYI. The next report will be the November, 2014 report.

Fiscal Impact

N/A

Notes:

1. High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.
2. FTEs for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).

Based upon information provided by the Calvert County Board of Education, February 2014

Key:  School with inadequate capacity. School district closed to recording of subdivisions/residential site development plans.
 School with inadequate capacity. School district deemed adequate for recording of subdivisions/residential site development plans.
0 School not yet constructed/open.

Notes:

#1 On March 4, 1997, high school service areas were determined to be based upon the Board of Education's high school enrollments adjusted per the district plan.

#2 Middle school redistricting plan for Mill Creek Middle adopted by the Board of Education on 3/15/2000.

#3 On May 11, 2001, the Adequate Public Facilities regulations were amended by the Board of County Commissioners. Amendments included changing the school capacity formulas, reducing inadequacy from 110% to 100%, and considering elementary schools individually rather than in aggregate.

#4 The high school redistricting plan for Huntingtown High was adopted by the Board of Education in March 2003.

#5 The elementary school boundaries from Prince Frederick, north become effective August 2005; new boundaries are included in the Spring 2005 APF Report.

#6 The elementary school boundary adjustments related to the construction of Barstow Elementary School become effective August 2008. New boundaries are included in the Fall 2008 Interim APF Report.

Notes:

1. High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.

2. FTEs for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).

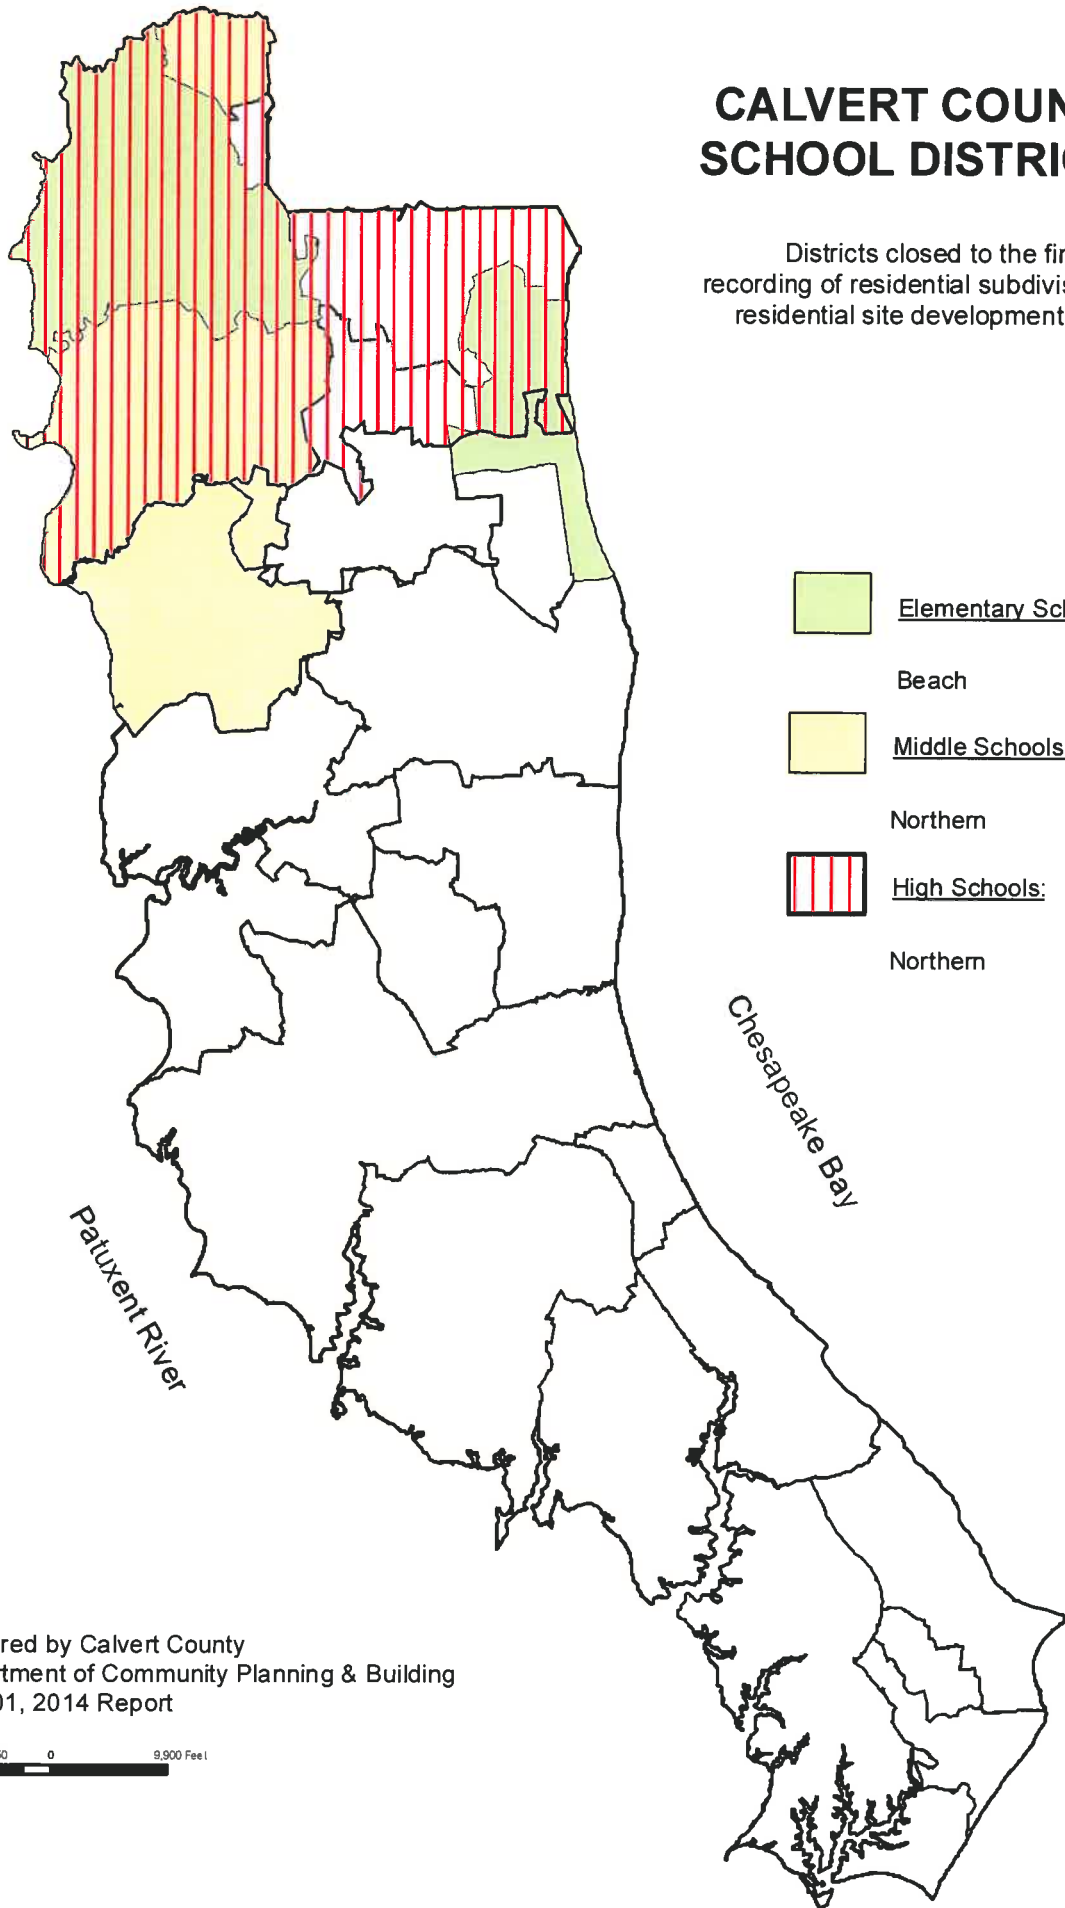

Based upon information provided by the Calvert County Board of Education, October 2013
Enrollment and Career and Technology Academy attendance as of September 30, 2013

Prepared by the Department of Community Planning & Building, October 2013
